Dear Horse Enthusiast,

Thank you for inquiring about adopting a Standardbred. If you are unfamiliar with this breed, you will be pleased to discover that Standardbreds have earned **a reputation for being a calm and versatile horse that is willing and quick to learn, with wonderful manners, and patience.** Why retired from Racing? Many horses retire off the track due to lack of speed or have sustained minor injuries that do not affect their use as pleasure horses. Some horses are sold after racing and used in rural communities as work and transportation horses and then come to SRF.

Gaits: Nearly every Standardbred has a **natural trot**, knows the bit well, and drives. **Standardbreds enjoy a short ride upon their first introduction to the saddle, they are known as the “Brainiac Breed.”** They easily train to any discipline, collecting their gait is the work we start. They are very cooperative, willing and quick to learn. If you are a novice rider, we suggest working with a trainer who is familiar with this gentle breed.

The Process:

- Complete and return the application in full.
- Read and fill out the Contract.
- Describe your ideal horse.
- Email requested photos noted on the application to SRFAdoption@gmail.com.
- Once received, we will speak with your references immediately.
- We will call to profile horses and make an appointment for you to meet them.
- **A required \$25 application fee is appreciated by check, Paypal or credit card. The application fee will be deducted from the adoption fee when you adopt.**

The mission and goal of the Foundation is to find these horses good, loving, lifetime homes. In our 35 years of experience there have been rare occasions when an adopted horse was uncared for. It is for this reason that we require our detailed Caregiver Contract to be signed when adopting a horse. The agreement requires semi-annual veterinarian reports which coincides with your veterinarian visits in spring and fall for inoculations, so there is no charge to you. With over 5000 adoptions this is the best means to be sure every horse remains well cared for.

SRF horses can never be bred, raced, sold, leased, given away, or commercially used. We are looking for a lifetime commitment to our horses, however, if an adopter can no longer provide good care, the horse(s) **CANNOT be given away, sold, leased or transferred.** We ask you will find, assist us in finding a loving home that must also be approved by SRF. In the rare case a new home is not secured the horse must be returned to SRF. Transportation of your newly adopted horse is your responsibility. We look forward to finding you a great match!

Cordially, Adoption Coordinator
